ICF EDUCATION

ABOUT THE CONFERENCE

ICF is the WHO framework for measuring health and disability at both individual and population levels. The International classification of Function, Disability & Health, known more commonly as ICF, is a classification of health & health-related domains. As the functioning and disability of an individual occurs in a context, ICF also includes a list of environmental factors.

Experts and scholars of excellence in their domains are invited to submit the abstracts of papers under Dental, Neuro, Psycho, Socio, Linguistic, Speech, Language, Audiology, Nursing, MLT, Physiotherapy, Occupational Therapy, Music Therapy, Human Factors & Patient Safety, Pulmonary, Pediatrics, ENT, Psychiatry, Nursing and General Category either in the oral or poster modes. The oral platform presentations limited to PG, PhD, Allied Sciences & Practicing Professionals.

The abstract submitted should contain studies related to ICF or studies related rehabilitation from any stream

GUIDELINES FOR ABSTRACTS

Preparation:

- The abstract must be original topics in clinical/research areas carried out by the authors themselves. Review of literature or compilation of work done by others will not be accepted.
- The abstracts must include clearly defined sections as follows: Introduction, Need of the Study, Aims & Objectives, Method, Results & Discussion, and Summary & Conclusion (Bibliography Optional).
- The abstract must not exceed 150 words.
- Check the abstract for similarity with previously published works (i.e., plagiarism). Only those abstracts ≤10% of similarity will be considered for review and possible acceptance.

Submission:

- Abstracts received after the due date and time will not be accepted. All abstracts should be submitted through e-mail
- The presenting author should be registered for the conference
- The author who submits the abstract should be the FIRST or CORRESPONDING author. Request for changes

if any in this regard after the submission of the abstract will not be accepted

- All abstracts submitted in a timely manner will undergo an initial scrutiny of the format and pre-preparation guidelines. Only those abstracts that meet the guidelines will be considered for the subsequent review process by two/three reviewers. The outcome of the review process would be recommendations or 'accept' or 'reject'. Abstracts that are recommended by a minimum of 2 reviewers would be selected for ICF SYMPOSIUM-2022
